CPM|Crown is expanding its industry-leading equipment and service offering to include a full range of conveyor solutions for crush, proteins and specialty facilities.

Now you can get the peace of mind that comes from partnering with a true one-stop shop, backed by decades of proven design and engineering expertise, and Lifecycle360™ support designed to maximize uptime across your operation.

Unmatched industry expertise

For more than 75 years, CPM|Crown has been at the forefront of designing and engineering oilseed processing facilities, from preparation through extraction and refining.

Our deep knowledge of processes and equipment—both inside and outside of the facility—has enabled us to develop a robust conveyor line that lives up to the Crown brand promise.

End-to-end solutions for oilseed processors

CPM|Crown conveyor systems are purpose-built for the demanding environments of oilseed processing facilities.

- Full range of conveyor solutions engineered for maximum uptime
- Specialized designs for critical applications, including:
  - **Vapor Tight Drag Conveyors** for solvent-handling environments
  - **Horizontal Loop Conveyors** for efficient, continuous material flow

Simpler sourcing. Better efficiencies.

Working with a single, trusted supplier reduces complexity and delivers real project advantages.

- Integrated sourcing helps drive cost efficiencies and streamline project coordination
- CPM|Crown provides best-in-class delivery performance

One call. Total support.

Our commitment to you doesn't stop at installation. Lifecycle360 is CPM|Crown's single-source support program, providing expert guidance and service across the full lifecycle of your facility—from pre-engineering through long-term operation—to help optimize efficiency, reduce risk and maximize uptime.

- One call connects you to single-source Lifecycle360 support
- Strategic global parts inventory ensures fast access to critical components
- Global service network helps you get back up and running quickly and confidently
